

TRICOPATH

STRAIN SCORE 7.1

Tricopath is a mostly indica variety from In House Genetics and can be cultivated indoors (where the plants will need a flowering time of ±60 days) and outdoors. If you enjoyed their original Platinum Jelly you will be blown away by Trichopath. The roles of the parents have been switched this time which opened up the new possibilities of genetic traits! Med-tall plant with extremely frosty buds with a gassy funk. Very good yielder
